

19. A swimming club currently runs sessions for swimmers aged 5–7 and 8–10.

The diagram below shows the current structure of the club's website.

The club wants to add a new page to their website showing information for swimmers in the Dolphins group (aged 11–14). They would also like to add an external link from their home page to local competition dates.

Complete the diagram below to show the structure of the updated site.
