

(d)

- UPDATE CarSale and WHERE mileage <=10000
- SET askingPrice = askingPrice \* 1.10

2

1 mark for each bullet

Award 0 marks for first bullet if there are any additional SQL clauses.

```
UPDATE CarSale  
SET askingPrice =  
askingPrice * 1.10  
WHERE mileage <=10000;
```

Or

```
SET askingPrice=askingPrice  
+askingPrice/10
```
