

13. HTML 5 elements have been used to define different parts of a web page shown below.

The screenshot shows a web page titled "Online Market Place". At the top, there is a header bar with a search bar and a menu icon. Below the header, the main title "Online Market Place" is displayed. A horizontal navigation bar contains the links "Free | Express | Premium". To the right of this bar, two arrows point left, labeled "A" and "B", indicating where specific HTML elements should be placed. The page content is organized into sections: "Delivery Options", "Free Delivery" (with a bicycle icon), "Express Delivery" (with a car icon), and "Premium Delivery". Each delivery section contains descriptive text and icons. At the bottom, there is a footer with links to "Contact Us", "About Us", and "Log Out", along with a copyright notice: "© Online Market Place 2022".

State which elements should be used for the parts labelled A and B.
