**16.** An image is to be displayed on a web page as shown below.

The HTML code below is used to display the image.

```
...
    <div>
        <img src="dog.jpg">
    </div>
...
```

Complete the first line of code in the CSS rule below to implement the correct spacing.

1

```
    div { _____;

        width: 250px; width: 250px;
        background-color: lightgrey;
        border:2px solid;
         }
```
